“I SEE CABINET DOORS AND DRAWER FACES AS OPEN CANVASSES,” SAYS LISA. Interior designers and architects react to my collection the same way – “We’ve been looking for unique hardware like yours for years.”

LISA JARVIS • Jewelry For Furniture™ was launched in 2012. Driven by explosive growth, Lisa’s high quality solid brass, decorative hardware collection currently features over one hundred distinctive knobs, pulls and decorative backplates for commercial and residential applications. Custom work is a large part of the company ethos. Driven by client requests, Lisa has created varied designs; from high volume, licensed knobs for furniture manufacturers to four, and five foot long pulls for clients worldwide. Jewelry For Furniture™ and The Sophisticated Child™ can also be found at over one hundred fifty stores and dealers across the US, Canada, the UK and Mexico.

“There’s nothing more satisfying,” says Lisa, “than the photos we receive every week from designers, architects and developers, thrilled by the effect our hardware has on the work for their clients.”

“QUIET, ELEGANT BEAUTY, WITH LONGEVITY AND STYLE.”

FINISHING TOUCH

Information on Custom Orders, Finishes and Sizing

CUSTOM PLATING
There is an upcharge for custom plating; please call the Lisa Jarvis office (518 329-5395) for details. Lead time is approximately 3-4 weeks once stock is in inventory. Several of these custom finishes are shown below.

The customer is responsible for shipping charges.

CUSTOM DESIGNS
Custom and private label services are happily provided by Lisa Jarvis. Delivery normally takes place 6 to 8 weeks after client provides final approval of the subject CADs. Please call the Lisa Jarvis office for details.

SAMPLE ORDERS
To receive a credit for returned sample orders, they must be returned in saleable condition; no scratches or marks which would prohibit resale. Customer is responsible for all shipping charges.

RETURN POLICY
Stock pulls may be returned for company credit. Returns must arrive in saleable condition. All returns are subject to a 25% restocking charge. Customer is responsible for all packing and shipping charges. Special orders, custom designs and custom plating orders are non-returnable and non-refundable.

DETERMINING SIZE

Use this simple guide to determine the size of our various knobs and pulls. The WIDTH and HEIGHT are measurements taken as they appear from the front, The PROJECTION refers to the total distance the pull or knob extends outwardly from the furniture.
DID YOU KNOW….?

Living finishes are uncoated metal - they're beautiful, like a fine piece of jewelry, but they will uniquely age and change over time. Finish care instructions must be followed!

Living Finishes (patina) and require care and avoidance of ammonia, bleach, abrasives and soaps… If not on your face, then not on your hardware.

For a more even look, faucet wax/paste wax containing carnauba should be applied to living finishes soon after installation. Plumbers and installers usually have chemicals on their hands, which transfers directly to the uncoated metal of Living Finishes during the installation process. This will affect the patina process where the pull or faucet has been touched. Additionally, faucet wax/paste wax containing carnauba should be reapplied on a regular basis.

Living finishes must be explained and understood during the sales process.

DID YOU KNOW….?

WE plate! Yes. Anything a plater offers! Chrome, bronze, rose gold, antiqued, whaddevah!

CREATION FROM FIRE

SAND CASTING

Our solid brass designs are hand-cast and finished. Some very small variations created in the process are part of the beauty of this long tradition of sand casting, a process that has been used since 600 B.C.
